Statistical Methods for Clinical Laboratorians Certificate Program
Continuing Education Credit

Congratulations on completing the Statistical Methods for Clinical Laboratorians certificate program.

- This program is accredited for 7.5 hours of continuing education credit.
- If you want ACCENT® continuing education credit for this program, you must complete the online evaluation form, provide some demographic information, and then you will be able to print the verification of participation certificate.

Cut and paste this URL into a new browser window to obtain continuing education credit:

<http://apps.aacc.org/applications/apps2/CE/intro.aspx?actNum=38271087>

The American Association for Clinical Chemistry designates this program for a maximum of 7.5 ACCENT® credit hours toward the AACC Clinical Chemist's Recognition Award. AACC is an approved provider of continuing education for clinical laboratory scientists in the states of California, Florida, Louisiana, Montana, Nevada, North Dakota, Rhode Island, and West Virginia.
